

Dear Slav,

I shall give you all the information you need for your book. Please understand, I am a bee-keeper and in the springtime I am very busy with the bees because of the nice weather. The bees do not understand if you keep not care of them when the sun shines!!!

An other thing, we will and have a lots of falls prophets to deal with which do not like us and tell untrue stories, I hope you know that!!!

We shall stay true to our principles may come what will!!!

I do not know a "Oleg Mikhilevich" or a "dr. (Dr.) J. Hebel", who ever brought this guy's into play, who ever did it is a very sick men!!! He should know that I have also some very close friends in the Baltic, starting with Estonia!!!

My work and statements about the Prusai people is from me and not a "PLAGIAT" (to take ideas writings from another and offer them as ons's own !!!) That is a very cheap way to discredit a person!!!

With regards

Manfred G. Kaireit (Kairáitis)

Dear Slav,

If you have a trustworthy person who is familiarise with the German language I could send to you immediately some history about the beginning of the uprising of 1934 and the end of July the 20th with a comment from Winston Churchill to the "British House of Commons" in 1946.

Regards,

Manfred G. Kaireit (Kairáitis)

Dear Slav,

my writings and search through the history of the Prusai "WILL NOT" and I shall repeat "WILL NOT" please everyone!!! However, I have found out that my search is to everyone's amazement!!!

The Germans speak from Ost- Preußen and mean the families of Prusa and call it Old-Preußen, but, we are Old-Balt's and also we Prusai people had something with the "Old-Piasten and the Jagiellonen" to-do, that is incomprehensible!

I have said:

The uprising did start 1934 and had his high- point's on the 20th of July 1944, the English Government 1946 could not believe it!!!

Regards,

Manfred G. Kaireit (Kairáitis)

Dear Slav,

thanks for your E-mail date 29. April 2011.

You should know that I am a victim of radiation because I was a physicist (Engineer) of some Testside. The last few weeks I was very sick and could not walk or speak. occasionally I have to fight against this sickness!

Before you involve a lawyer (I also will help to pay some money) we should take a look at other possibility like for instance the "Society of the history and antiquity" starting in the year 1838 in "Tartu" (Dorpat) by estland scientist, later transferred to Tawangste (Königsberg) 1844 and called the "Prussia society" (Eustach Tyszkiewicz).

We natives of Prusa were forced to leave our country on the 12th of December 1948 through a deportation of 125 000 natives!

We do have followers of Prusai natives!

Regards,
Manfred G. Kaireit (Kairaitis).

Dear Slav,
we have to be absolute very careful when making statements about the deportation from the land of East-Prussia. The deportation of the Germans in the years of 1944/45 are very-well done by many author, but the deportation of the last inhabitants in the years of 1948 are not mentioning by any one, and that for a good reason because it was a genocide!

I am a hobby historian since my retirement in the year of 1990. I started with the "Baltische and skandinavische biographische und geschichtliche Spurensuche", and have found - surprise after surprise. Since then I have based my historical facts on two books:

- 1) JALTA, written by "Diane Shaver Clemens, 1970 Oxford University.
- 2) THE TIME FOR DECISION, "Sumner Wells", The World Publishing Company, Cleveland Ohio. First Reprint Edition June 1945.

"Both books are not any more available".

A historian by the name of "Alfred Maurice de Zayas" did try to write a book "Dokumentation alliierter Kriegsverbrechen im Zweiten Weltkrieg", but, this book is full of errors, he does not know anything about the Prusai destiny.

Facts:

The deportation of the natives who did stay behind after 1945-1948 were deported from the Oblast area "ONLY" and "NOT" from POLAND or LITHUANIA which some people in Europe state in some documents!!!

"CONTRARY" - the Polish and Lithuanians opposed such a deportation, Winston Churchill and Stalin did plan the deportation of the about 125 000 natives because the Germans already had left the country of Prusa (East-Prussia) and the Prusai people thought that they are save under the new ruler!!! WHAT A MISTAKE THAT WAS!!!

With regards,
Manfred G. Kaireit (Kairaitis)

Dear Slav,
I do agree with your way of thinking!

Our correspondence should not be open to the public at least for the time being until we know which way we are going!!!

I am aware that the source of my knowledge is vital of importance, but there are also some other Prusai people here in Germany which share my thoughts and yours and ask me: For instance, two large News Papers would like to have from me translations of Prusai-fairytales in the languages Prusai, German and English!!!

Also you should know that our involvement against the Brandenburg Prussians and my family with the von Gottbergs family started in the year of 1736. One of my ancestor by the name of Christophe Kairaitis was executed by a company von Gottberg in Tawangste. Now, the von Gottbergs, Landsmannschaft East-Prussia President Wilhelm von Gottberg is also an executive officer in that group! All of this happenings would not be that of importance if all of this had not been recorded in Berlins archives because at that time (1736) the Prusai had a movement against the Brandenburg Prussians!!!

That is not all, plus my mothers brother were killed by the Nazis because he was fighting against them and my mothers uncle was an officer by the Kaiser in Berlins safeguard and told the Kaiser about the poem of the Wächter from Szillen (a providence about the Prusai for the future), and, and, and!!! I could write two books and it never will end!!! What I try now to do is to collect out of the happenings the important issues and parts which for all of us could be of important!!!

I shall start writing and you collect that what you think is for us all of importance!!!

With Regards,
Manfred G. Kaireit (Kairáitis)

Dear Slav!
Thanks for the proposal to create a community of Prussia!

Question No. 1
Who is Jerry?

Question No. 2
Do you have contacts with:
Mr. Vytautas GOCENTAS

Lithuania/Lituva

Question No. 3
Do you know:
Jonas Trinkunas

All of this person know me very well, and know that I am a Prusai/native out of the tribe "NADRAUEN", they know I was a minority subject in the land of East-Prussia (Prusa).

Let me give you a simple start:
First of all you need contacts which are already have a programme of an "Open Society" and have acknowledge a primary role in a programme of monitoring the EU protection of minorities such as we are!!!

Who are the Prusai?

The indigenous Prussian people, called "PRUSAI", the later East and West Prussians of Germany were subject to the power plays of their neighbours -

the Scandinavians, Germans and Russians after 1945.

The Prusai, Curonians, Lithuanians, Latvians from the ethnic group of Balts belong to the Indogermanic people.

pursed, abused and neglected by first the church and foreign states, they had no other choice as to assimilate reluctantly and by necessity mostly to the German culture, thereby losing some of their identity.

The Prussia tribes were estimated to count approximately 200.000 persons on the arrival and invasion of the Teutonic Knights in the 13th century.

The Knights were called in by the Roman Church at a time when the Prussia took revenge to the numerous previous attacks. The Catholic Church voluntarily supported the mission to Christianise the last pagans of Europe by fire and sword and taking some land into the holy possession.

About 130.000 settlers from various countries followed the Teutonic Knights to Prusa, (Prussia).

ning the Prussia suffered more war casualties in their independence fight, but turned guerilla tactics. They also survived much better the recurring epidemics of the plague by fleeing into the forests, leaving all their belongings behind.

Around the 16th century the Prusai still represented the majority of the population and the authorities, encourage by the protestant preacher "Martin Luther", finally agreed to print Prussian books and allow the natives Prusai to attend educational facilities.

Still discrimination lingered on and only 1701 A.C. the last law prohibiting the Prusai natives from wearing German clothings and long hair was abolished.

In the year of 1945/48 all the natives were expelled by Russia, paying for a war which was not theirs in the first place!

In 1991 the northern part of Prussia annexed by Russia in 1945 was finally opened for tourists, the right however to return to their homeland is still to be reinstated for the native Prusai (Prussians).

It is a shame, although counting for more than one million, the today Prusai people are not recognised as a minority in the Western World, WHY?

Slav, I think something like this has a chance in making our claim more interesting!!!

Yours,
Manfred G. Kaireit (Kairáitis)

Dear Slav,
You ask!

"Do I understand correctly that ..."

Yes he did.

In the book from "Diane Shaver Clemens" - JALTA-, page 208 and 209.

I shall write it to you in the German language because I might lose something in the translation:

...Churchill kam dann in Schwung und unterstützte plötzlich Stalin. Das Problem sei sogar noch einfacher, da die

Deutschen während des Krieges sechs bis sieben Millionen Menschen verloren hätten und wahrscheinlich noch eine weitere Million verlieren würden, so daß die Umsiedlung erleichtert würde. Stalin fragte, ob das nun eine oder zwei Millionen sein sollten, und Churchill erwiderte munter, was die Vernichtung von Deutschen angeht, so setze er keine Grenzen.

Slav, sorry to say we the Prusai were under the German rule at that time and the Russians did NOT ask -are you German or are you the natives of Prusa the Prusai!!!

Dear Mikkels,
in answering your letter what my health is concerned I am not
an optimist but rather a pessimist. Since I had chosen a
profession which only (Trottel - Idiots) choose I have to
live with it; then radioactive contamination is "NOT" a
sickness it is a tool for people who put their life at risk
for a country.

I would like to thank Slav Klec Pilewski, letter date 19th of
May 2011, for his energetic and dedicated drive for the
Prusai, but I think he knows very little what you and I have
done for the Prusai natives in the past years, and we all
shall not forget "Prof.Dr.Vytautas Maziulis",
"Pro.Dr.Vladimir Nikolaevic Toporov", "Prof. Dr. Rainer
Eckert", "Prof Dr. Guenter Brilla", the University Professors
of Goetingen and Marburg. All the other not so important
people like me and you who did fight for "The European
Convention on Human Rights and the Protection of National
Minorities", or dispersed Minorities. Meeting with the
European Union in Hamburg, Reinhard Grunenber, Olaf Knafla

and Manfred G. Kaireit. The meetings at Arlington (Washington DC) with the exile- Government of the Baltic in the 1970th - and, and, and.

We are the natives of Prusa and not the natives of Germany which call themselves since the 31th of January 1773 "East-Prussians!!!

I have told a Mr. Lepa who called on me to give him the agreements which we had in Arlington decided upon! I told Mr. Lepa: you do not belong to the Prusai natives, you have no need to know!!!

But most of all, we Prusai natives are grateful to Jonas Trinkunas, Dr. Letas Palmaitis and others for inspiring of the Old Prussian language and preserving of the Prusai culture!

I still fight for a "Baltic Alliance" which should be between Estonia, Latvia, Lithuania and Prusa. Who of you knows that the Baltic Alliance started in the year of 1838 in "Tartu (Dorpat) by some scientist and 1844 was taken over at Tuwangste (Koenigsberg) by some intellectually and after 1945 continue with their expert advice and with the help later by Prof. Dr. Guenter Brilla in Duisburg West-Germany kept alive. Who knows all of this?

Since I as a Prusai have traced the "Baltic, Scandinavian, biography and historical heritage of my people" I was battered lying on the floor what they have done to my people and call themselves "HUMANS".

Regards,
Manfred G. Kaireit (Kairaitis)

Dear Jonas,

We Prusai are very much interested on the 5th of June 2011 meeting in Kurtuvenai near Siaulia Lithuania with the Baltic groups.

What we do need however is a programme of the event also the subject (topic) and the names of the speaker.

Jonas,

we Prusai know that we can reawake with our action only through the "Baltic Alliance" all other strive will drive us into a wall, and Letas Palmaitis will and can't help us!

But, he did work with Vytautas Maziulis on the "Historical grammar of the old Prussian language together we shall not forget that in his honour! We do not have anyone who works today on our language, Gunther Kraft (Skalwynas) is death!

My mother always said:

"Ni sen wirdamans tu dilinna na kittans, slaitis sen twajasmu busennin"!

I don't even know the meanings of this sentence!

Draugiwings,

Manfred G. Kaireit (Kairáitis)

Dear Slave,

I was so shocked to hear of the death from Guenther Kraft (Skalwaynas) he was our great hope here in Germany about the Prusai native language. He did work on the perfection of the native Prusai language which was neglected for over 400 years very hard and has written 53 prusai fairytale stories which two News Paper ask me to rewrite it into the English and German language they would like to print it!

He seemed so well and cheerful when I saw him the last time. It is a terrible loss for us Prusai in the west, and he will be missed very deeply.

Mr. Guenther Skalwaynas will remain constantly in the Prusai natives thoughts, because, every language changes almost every 20 years by adding some words or neglecting a few words.

I was 5.Weeks in the hospital that prevented me from going to his funeral and I am very sorry about that.

The whole thing has been for us Prusai natives a terrible blow, but we are now trying to pick up the pieces and continue with the work, "THE BALTIC ALLIANCE", with the Baltic old Prusai modern language based on Guenther Skalwaynas the Prus.

Regards to all my friends,

Manfred G. Kaireit (Kairáitis)

Dear Mr. Kukories,

Mr. Pilewski and me, in our 74th year of age and will never ever comprehend the new version of the Prusai language. Maybe Mr. Nertik, Mr. Piegat or you may get involved in the analysis of the scripture of Mr. Guenther Kraft, Skalwnas but not us!!!

You, wrote to me that you would like to see an example, since there are about 125 pages of Skalwas work, I do need some bodies address to sent it to them!!!

E-mail will not work, and to put it into the internet? I am to stupid to that and my comment on the work of Skalwas would be a bunch of nonsense!!!

Sincerely,
Manfred G. Kaireit (Kairáitis)

Dear Mikkels!

You and me had intensive contacts with the EU in Brussels, Strasbourg and also with the German interior Government. You and me know the outcomes you said in your E-mail:

As said I see no perspective in such activities either.

I shall agree with you, but we had a meeting with the EU in Hamburg in the year of 2006 and they said to me and Grunenberg: "Keep on trying you have perspectives".

Mr. Grunenberg is now trying to get into the Landsmannschaft East-Prussia and hopes to be successful which I have my serious doubts that he will be successful!!!

Just presently I had a long talk with him on the phone and his expectation are hopeful!

I told him: We Prusai are desperate and hopeless, politeness and courtesy to the Governments are meaningless, what else could we do!!!

The UN in New York knows our stand to the Prusai idea as following:

1) Persons belonging to a minority shall have the right to freely preserve, express and develop their cultural identity in all its aspects, free of any attempts at assimilation against their will!!!

What did happen: A 1947/48 deportation of all the Prusai people living in the "OBLAST".

2) In particular the minority, they shall have the right to express themselves, to receive and to issue information and ideas through means of communication of their own.

What did happen: The German Government told me in a letter, "we shall not support you"!

Conclusion:

The European Convention on Human Rights and the Protection of National Minorities are toothless Tigers!!!

Mikkels you are right, the only hope we really have is Jonas Trinkunas and his group all other will go the same route we Prussen did including now Grunenberg again with his Steinbach Landsmannschaft!!!

Yours,

Manfred G. Kaireit (Kairaitis)

Dear Mikkels,
it is interesting that we cannot understand one another???

We both understand each other for many years very well!!!

1) They ARE NOT toothless tigers... they are LIARS! No Mikkels, they are - insincere, or, hypocritical, or, act the innocent, or, a vision of imagination, or, indulge in fancies, or, delirious, and so on, and so on!!!

2) I NEVER did name Trinkunas work as... Christianity is an excessive interest in or enthusiasm for some thing!!!

Now, please explain to me what is "ISLAM standing for??? - stoning people, or having five wives, or is Islam almost just the same as basic Christianity, a doctrine or belief that there is only one "deity!", we Prusai call that belief: monotheism!

Mr. Trinkunas thinks differently, he is more open minded, having a specified kind of mind!!!

I have lived in middle and south America and in the far East, I have seen all disasters you possible could imagined including that of Prusa - East- Prussia 1945/48 and what people are capable of doing to each other, and still doing it to each other today!!!

Yours,
Manfred G. Kaireit (Kairaitis)

Dear Slaw,
in regard to your E-Mail date 17. July 2011, let me ask you, do you know the Baltic history, if yes, you know more than the new generations of the Germans!

I have learned only some, of our Baltic history from Dr. Palmaitis and be corrected more than once, I am glad he did!!!

Prof. Dr. Algirdas Sabaliauskas has written a book did examine the scholarly attempts to locate the homeland of the Baltic peoples, the Lithuanians and Latvians. He also devotes a good proportion of the book to the mysterious "OLD PRUSSIANS" (The Prussen - Prusai people), a now extinct Baltic nation since 1945/48 that inhabited an area to the west of Lithuania and to the south of Poland. The Germans were only occupiers and claim our land today for what reason only God knows!!!
You wrote: "The book is finished".

I am looking forward to read it, with Baltic eyes!!!

Regards,
Manfred G. Kaireit (Kairaitis)

Dear Slaw,
I got a kick out of yours and Mikkels conversation!

It is a lot more to the history of the Prusai as you are really thinking!

If you are really serious about the Prussen and the relationship Prusai to Balts then start with the Foundation on history and antiquity 1834 in "RIGA", when you finished with that then start 1838 in "TARTU" (Dorpat) in Estonia, after that, start "Eustach Tyszkiewicz 1844 in Tuwangste, the German Koenigsberg, when you have finished that, than start in Vilnius 1842 with the Lithuanian archaeology, and if you all have achieved that, then call me again, because then we got a base to talk about "PRUSA" and the "PRUSAI" (Prussen)!!!

Dear Slaw,
we Prussen fighting since the 12th century for our survival!!!

Regards,
Manfred G. Kaireit (Kairaitis)

Dear Slaw!

The Prussen issue has been raised more than once to the European Court of "THE HAGUE", also at the "Open Society Geneva", the "EU accession monitoring programme", the "Minority protection programme", and, and, and. All did acknowledge the role of saving the Prusai, but, nobody would take over the responsibility of a programme!

Ask Mikkels, he and me was deeply involved in that issue "Lets save the prusai language", lets save the last Prusai people, what did happening, I tell you!

The German Government told me "NO WAY" we will not save the Prussen, however, we shall save the "Sinti and Roma", the Sorbs and Dänish minority, the Friesen and others which would ask us for help!

Ask Mr. Grunenberg/Berlin he also was involved.

To bad for us Prussen, all our work we did sofar for many years did go down the drain! Mikkels has suffer the most then he put his heart to it.

You said,- what for: "TO make lamentation", we Prusai did stop moaning a long time ago because we shall not burst into tears, we do not have any more tears!!!

Let's forget all about it!!! How can we Prusai forget a plant and carry through "GENOCIDE". You are also the one which we hope you could help us!!! That is why I told you: we Prusai been fighting since the 12th century for our survival!!!

With regards,
Manfred G. Kaireit (Kairaitis)

Hi!

We. the Prusai people, were persecuted and brutally mistreated on political, religions, grounds not only by the Soviet authorities, merely because we were natives of the land "PRUSA" and therefore belonged to an unwanted class of people!

After 1990 the Bundesrepublic of Germany did everything to prevent us Prusai (The European convention on human rights and the protection of national minorities) to be excepted, rehabilitated as a "National minority" in the wester part of Europe.

This Prusai (Prussen) issue is a classic "State-Citizen-Conflict)even though the Bundesrepublic of German government likes to portray it as a "West-East-Citizen-Conflict"!

Ever since 1990 the BRD (German) authorities have consistently failed to make the decisive distinction between the natives of Prusa and the East-Prussians (East-Prussians since the 31. 01. 1773) that should not be returned to the natives, the Prusai-Balts, because it had been allocated to or acquired by the Allies of second world war, that is the one party which clearly never ever had ownership of our country "PRUSA-BALTIC", at any time before but, now they own Prusa and do with it what ever they please, deportations, dispossession, driven out of their home country, we Prusai (natives of the land East-Prussia) can't bring them to their senses!

The properties of the Prusai-Balts (Prusa - Balts - East-Prussia)which took place under the confiscation by the Allies after world war II, based on Marxist doctrine of seizing means of production and eliminating the so-called capitalist class was not the only reason, it was also the idea of "Wiston Churchill" not to let the German Reich regain to be a large Germany again! But, what had we NATIVE to do with THAT MOVE, with that greasy idea of his???

Maybe was it an intended "GENOCIDE"???

Deiwutiskan,

Manfred G. Kaireit (Kairaitis)

Dear Mikkels,
you wrote, PS: ...according to all those "conventions"!!!
I am sure we Prusai did had at one time an instrument to
separate the "NATIVES" Prusai from the German occupiers!!!

Now, listen to this, by hearsay, a secrete document from the
21st of May 1949 copy Nr.4 is supposed not any more
discoverable, traceable, lost in the "State - Department" by
a Dr. Rickermann!!!

Mikkels, in the BRD - Germany today is everything possible!!!

Yours,
Manfred G. Kaireit (Kairaitis)

Dear Slaw,
as I understand you have already a lot on one's own
initiate done!
My congratulations!
But, watch out that you not be taken over by a large
organisation from the west!!!
All your work will go up in smoke!!!
Your friends are Mikkels Palmaitis and Jonas Trinkunas, (the
Baltic Alliance) and not the western organisations, they have
done in 60 years absolute "NOTHING" for us natives - Prussen
- Baltic!!!
But, it is up to you!!!

Since 1990 BRD-German authorities and their East-
Prussian friends (date: 31. 01. 1773) have consistently
failed to make the decisive distinction between us "NATIVE`s"
of Prusa and the former East-Prussian people (new occupiers
of Prusa also known as settler`s).
We Prusai (Prussen) did act in good faith with our Prussen-
Arbeitsgemeinschaft Tolkemita e.V. and were declined by the
BRD - Germans in obtaining the "National Minority" and
therefore, we think, belonged to an unwanted class of people!
Others, like the Sinti-Roma, Sorbs, Friesen and Danish
minorities were excepted!
This Prusai issue, in my opinion, is a classic "State-
Citizen-Conflict" even though the BRD-German government likes
to portray our case as a "West-East-Citizen-Conflict".

The truth of the matter is:
The wrongful illegal confiscation of our land PRUSA (East-
Prussia) perpetrated by "Fascist" and "Communist" regimes was

specifically designed to victimise people like the Prusai because of their religion, national Baltic origin and or social origin, or expressed opposition to the new regimes after 1945/52 which repressed us Prusai-Natives and then did deport 125 000 natives from the Oblast area throughout the world!!!

Deiwutiskan,

Manfred G. Kaireit (Kairaitis)

Dear Slawek, Mikkels.

We, the Prusai "WILL" never give up!!!

We Prusai "Natives" have now only 30 years of time to bring an action against the European Union and BRD Germany!!! We natives of Prusa will only refer to the Prusai population of our confiscations of our land at the date 1947/48 and it shall not and will not include the German/ European settlers at the former Prusa/East- Prussia since the year 1773!!!

Reason:

The BRD-German government has maintained that the former USSR-Russia made it a precondition for the BRD-Germany for a reunification to uphold the Soviet confiscations of Prusa-East-Prussia between 1945 and 1949.

For that reason, the so called take over - the confiscations by Communist euphemistic-ally tagged land Prusa reform - could't be touched according to the former Kanzler "Helmut Kohl".

The facts:

Today, Russian officials, who should know about the ongoing at that time know better, this officials insist that Moscow only insisted upon the legality of the original Prusa natives land of East-Prussia but had no intentions of telling the new "BRD-Government" what to do about the land "Prusa - East - Prussia".

"In fact, there never was a pre-condition!"

Dear Slave!

You said, that we Prusai jumping to quick to conclusions which are often not adequate and destructive!

I shall remind you that we Prusai were an occupied land first by Teutonic Germany since 1300 and then 1773 by the establishment of the "East-Prussian provinces including the "Ermland" and West Prussia. All this did happening by a cabinet order of "Frederic II., the land Prusa is being degraded to a province and the name Prussia is being extended

to all the occupied land, and he, Frederic II., did call himself now "THE King OF Prussia". Poland at that time was subdivided by Russia, Austria and Brandenburg Prussia!!! 1946, was East-Prussia subdivided by Russia with the help from the Allied, the agreement from Potsdam between the warlord's did "NOT" say: the land of Prusa does not exists any more, contrary, they know that the natives of the land Prusa counting of a population of a total from 837.357 people in the year of 1939!!!

Question:

Were are the natives "NOW", ???.

Yours,

Manfred G. Kaireit (Kairaitis)

Dear Mikkels,

all our talks, all our efforts are for the birth if we do not follow the set procedure by the "European convention on human rights and the protection of national minorities", (ECHR).

That is what the German government told me!

They also told me:

The submission of an application under Art. 25 of the ECHR is dependent upon a series of prerequisites on the merit of the case. We, the Prusai, did more then that, you did a lot of work with the Prusai language, Grunenberg did open a museum in Potsdam and works there every weekends!

What else can we do if you get absolutely no support from the Germans which have created this nonsense in Prusa since ages!

Now, I ask the German government a question: Where are the natives of Prusa from the year 1947/48??? They never did or could answer that question! One person tried: well, I think they natives were lost in the war! I ask him: what war?

1947/48 the war was over for more then two years! He had nothing to say any more.

I got mad, and told him the following:

People of a national minority, as natural persons, are as a matter of principle unrestricted capable of being a party like the natives of Prusa in Germany. Here, it is irrelevant if they are nationals of the responding State or one of the other contracting States!

National minorities as such are to be viewed as a group of individuals, a group de particulars, or as a non-governmental organisation.

He then told me, he had no more time for me to discuss a bunch of nonsense!

Dear Mikkels, Dear Slav,

that is what we natives face today in the glory of Europe!

Yours,
Manfred G. Kaireit (Kairaitis)

Gentlemen!

Dear Slav, Dear Mikkels.

Mikkels knows that my health situation is not well and good for many years because I had a serious accident in my profession as an engineer.

I stay under very heavy medication and some days I am not myself!

I couldn't very well say no to be engaged in doing something for the Prusai!

However, we had this weekend in my house a meeting and came up with the following conclusion!

1) Absolute no more contacts by the natives of Prusa to the "Landsmannschaft of East-Prussia!!!

2) Absolute no more correspondents with the German BRD of the interior !!!

3) Absolute no more begging by the German BRD politicians and beg them for help in our case!!!

Because, - IT IS USELESS, we natives of Prusa waste only our value time which we do not have any more!!!

We, the Prusai in the western world think:

That an adequate solution to the problem of the natives Prusai/Prusa in Europe is an essential factor for democracy, justice, stability and peace!!!

We, the Prusai, may as well forgive what they have done to us in the past a specially in the years of 1947/52, but, we will never ever forget!!!

We, the Prusai, have ask as a minority for an international protection for rights of ethnic, linguistic and religious and have been declined by the BRD - department of the interior through a silly argument which made no sense!!!

Such kind of rights are guaranteed by international law for the protection of basic human rights, and as such falls within the scope of international co-operation in all European - States, we Prusai - people mean "ALL" and not some!!!

We Prusai suggests the following people to form a staff:

Ethnic: Slav

Linguistic: Mikkels

Religious: Jonas

We Prusai know, that all of us have different religious tendency, but, as Prus we should be at least know the religion of our ancestor!!!

Now, I would like to know your suggestions???

Yours,
Manfred G. Kaireit (Kairaitis)

Dear Slav!

Please don't publicise a book before you have talked to Jonas Trinkunas then he may also have to say something about his pamphlet "BAL TIC RELIGION TODAY"!!!

I also have something to say about the "Unrepresented nations and native of the Baltic"!!!

Do you know anything about my abstract theory "Baltic Alliance" ???

I am the most odious, causing hatred and repugnance, amongst the German Landsmannschaft of East-Prussia, at the former settlers!!!

I have attempted to put an abstract theory into effect without regard to practical difficulties with my "Baltic Alliance" brochure!!!

It is something which I have thought for many years and taught to some interested people for more then 20 years. I did always pointed out that the natives of the land Prusa did face a brutal "Genocide" since the 1200 century!!!

My writing is a principle position , a body of principles for us Prus - Prusai in a branch of knowledge, a system of belief and a guide for us natives in the Baltic. We don't accept the representation of a foundation in Germany or the Landsmannschaft of East - Prussia, they have over us Prusai natives absolute "NO" authority!!! If they clam that the have that is new to me!!!

Some people in the Baltic have a copy of my work "Baltic Alliance".

Regards,
Manfred G. Kaireit (Kairaitis)

Kails, Dear Mikkels!

I do know you a very long time, and I do respect you very much, your thinking is always very critical and that is way we all need you!!!

You are not a "YES" person, I also know Mr. Lepa and his thoughts about the Baltic Prusai - people and how he could use us natives as a decoy by playing the big spender!!! Friedrich Dobrat and Reinhard Grunenberg we three was always thinking: What is Lepa really up-to??? We never got an answer!!!

Dear Mikkels, Lepa is a person which we did not understand, but, we do not understand your thinking sometimes either! Sorry, when you talk about democracy you say it is devilish or even better said an diabolical matter!!!

For me is democracy a equality of rights, an opportunity to use your rights so you will receive a respectful treatment. Let me ask you: What is, or will be the substitute, or what alternative do we Prusai-Baltic people actually have??? An other "LEPA" who spends money like water to poor people and hopes to make friends??? It did not work, that what we Prusai have learned out of all his actions!!!

Slav, Jonas, Friedrich, Reinhard and me think differently, I hope one day I can convince you!!!

I have written a "DOGMA" read it please, you will find it somewhere in the Baltic under the name "Baltic Alliance" or read the pamphlet of Jonas, you do know Jonas very-well!!!

Regards,
Manfred G. Kaireit (Kairaitis)

Dear Mikkels!

Thanks for your E-mail about "The Book"! What you are saying makes a lot of "SENSE", then we Prusai natives of East-Prussia (Prusa) become more or less conscious about our helpless situation, not only we Prusai (Prussen) but also the Baltic! This tells me today the way in which our present situation is placed in relation to our surrounding position of western politics here in the BRD of Germany and it shows us Prusai that we face a dehumanising situation, specially the deportation of our people from the "OBLAST" in the year 1947/52!!!

It is very peculiar that the knowledge of our Prusai - Baltic history is not given more publicity in elementary schools, Colleges or Universities!!!

Now, for Gerhard Lepas situation. I only can say that he did indeed a lot of work in the Kaliningrad area, he often used interjectionally to express disbelieve to its own Prusai

cause or used also unsuspected surprises like we are still alive and kicking!!!

The fact is, however, he was lacking, or even better said, he was in need of the Prusai history general knowledge like many people of us, a specially such as the begin of the "Baltic Alliance" movement!!!

I did ask him:

When begun the first part of an action in the Baltic to undertake initial steps for a "Baltic Alliance"???

If he would have known the answer he would have succeeded in the last degree, but, I drawn a blank!!!

I then ask him about the beginning of the forming of societies, for instance in "RIGA", 1834, "the society for history and antique/ archaeology". Or, for instance in "Tartu" (Dorpat) "the scholar Estonia society". Or, 1844 "the antique/society Prussia" in Tuwangste (Koenigsberg/Pr.) - Eustach Tyszkiewicz. Or, the Lithuania and Belarus archaeology work, and a sum up, summary of the digits, Lithuanian archaeology at Vilnius University. "NO LUCK"!!!
Than I ask my self, who really knows about the Prusai disappearance, was it a political accident or a political wish or both?

If one looks under the Google Internet subject "Baltic Alliance", you will find that it was the prime minister Cameron of the House of Commons, England!

But, I can truthful say, we Prussen - Balts had a meeting long before Mr. Cameron even thought about a "Baltic Alliance" in Arlington V.A. - U.S.A., about an alliance with all the Balts including Belarus!!!

The former prime minister Sir Winston Churchill did make a statement 1946 to the "House of Commons'" as he realised what was going on in East-Prussia the land of the natives Prusai - Prussen.

I shall write it in the German language so there will be "NO" misunderstanding:

"In Deutschland lebte eine Opposition, die durch ihre Opfer und eine entnervende internationale Politik immer schwächer wurde, aber zu dem Edelsten und Größten gehört, was in der politischen Geschichte aller Völker je hervorgebracht wurde. Diese Männer kämpften ohne eine Hilfe von innen oder außen, - einzig getrieben von der Unruhe ihres Gewissens. Solange sie lebten, waren sie für uns unsichtbar und unerkennbar, weil sie sich tarnen mußten. Aber an den Toten ist der Widerstand sichtbar geworden.

Diese Toten vermögen nicht alles zu rechtfertigen, was in Deutschland geschah. Aber ihre Taten und Opfer sind das Fundament eines neuen Aufbaus. Wir hoffen auf die Zeit, in

der das heroische Kapitel der innerdeutschen Geschichte seine gerechte Würdigung finden wird".

This opposition found place mainly in East-Prussia (Prusa) and in the Baltic States, some of them were also my relatives!!!

Many of us Prusai did not survive, "NO" doubt that it was the final death of our nation "PRUSA". All of the warnings, all writings of our philosopher "Emmanuel Kant, (1724 - 1804)" was for the birds!!!

Best regards,
Manfred G. Kaireit (Kairáitis)

Dear Martins,

I do understand you very well, I do "NOT" consider your E-letter as an insult. One thing is certain - we all look for internal security, for a safeguard which a government is responsible to provide for its people for its citizens of a country!

I was lucky, after W.W.II, I was raised in America, it is a different world all together. I did learn to understand the need and thoughts of other people which were not so lucky and had to learn "NOT" to insult them!

I was several times in "RIGA", in "Vilnius", in "Kaliningrad" but also in other parts of this world like the far East and the near East because of my profession as an engineer!

I did think a long time - will it insult the people of the Eastern world? - Before I wrote the E-mail letter "Where is the sense". But than I thought, we need a solution to the problems in the Baltic, what can we do to help, where is the beginning, and "NOT" to go there to the Eastern world and play the big Guy "I do know it all". I tell you the truth "I DO KNOW NOTHING", I only can suggest!!!

I was born in Tawangste (Koenigsberg/Pr.) and was deported by the Soviets like thousandth other people, I know what you go through!

After W.W.II, I passionately believed when the last shot was fired on May 8th 1945, that we Prusai people in the Baltic were headed toward a new and better world. We Prusai of East-Prussia (Prusa) were confident that the errors of the past were to be valiantly corrected, that human wrongs would all be righted, that the self-determination of peoples would end oppression, that human freedom and individual security would become realities, that war, in this new dawn breaking over the earth, was now a nightmare of the past!!!

WE; THE PRUSAI PEOPLE OF EAST-PRUSSIA (PRUSA) WERE WRONG!!!

The same Bull-Shit starts now all over Europe again!!!
We Prusai know that the former problem of the disposition of East-Prussia did at one time affected world security not only with regard to the German land, but with regard to Eastern Europe, the Balts, as well!
The Polish corridor is today far from providing a permanent solution of Poland's need for an outlet to the Baltic-Sea, contrary, it is now a major source of danger to Poland and the Baltic!!!
But, who knows that, or even can see that!!!

Siriskai, twaise
Manfred G. Kaireit (Kairait)

Dear Mikkels,
I know that you have a very strong believe in the monotheists version of a religion. You told me once: "As for the sense of life, it is only a short exam for eternity, nothing more"!!!
The last 20 years of my live I turned into be a historian and came to the following conclusion:

"History repeats itself or oneself, take your pick".
I look at the present problem "Eastern Europe today" out of an other perspective!

Mikkels, my dear old friend!
On behalf of the four hundred millions of people of the European Union (EU) of Europe and for the sake of humanity everywhere I most earnestly appeal as a deport of East-Prussia (Prusa) to all of you not to break off negotiations looking to a peaceful, fair and constructive settlement of the questions " The Prusai natives of the Balts" at issue!
I earnestly repeat again, that so long as negotiations with the Allies continue in the EU differences may be reconciled. Once they are broken off reason is banished and force asserts itself!!!
And force produces "NO" solution for the future of the Baltic and it is no good for the Eastern or Western world or for humanity!!!
Therefore, and that is my opinion, let "SLAV" continue with his solution!!!

Best regards,
Manfred G. Kaireit (Kairaitis)

Lieber Horst!

Wie telefonisch besprochen übersende ich Dir die Adresse von Frau Kaminsky sowie die heutige gültige kurz - Geschichte der Brandenburg Preußen von 1701 - 2001. Dazu gehörten die Leute unter anderem wie "Johannes Rau (SPD)", "Philipp von Bismarck", "Eberhard Diepgen", "Lothar Graf zu Dohna", "Marion Gräfin Dönhoff", "Bronislaw Geremek", "Otto von Habsburg", "John C. Kornblum", "Christian Graf von Krockow", "Lothar de Maizière", "Matthias Platzeck", "Michael Prinz von Preußen", "Wilhelm-Karl Prinz von Preußen", "Helmut Schmidt (SPD)", "Manfred Stolpe (SPD)", Hans-Joachen Vogel (SPD)", "Richard von Weizäcker (SPD)", "Karl-Günther von Hase", und so weiter, und so weiter!!! Diese Leute unterstützen die Landsmannschaft Ost-Preußen und "NICHT" die Eingeborenen von ALT - Preußen, die Prussen - Prusai, das Baltische Volk das unsägliches Leid über sich ergehen lassen mussten!!! Wir, die Natives die Prusai, waren nur für diese Damen und Herren ein unbequemes "ANHÄNGSEL" das Ausgerottet werden musste und in der Tat auch wurde!!!

Die Adresse: Sigrid Kaminsky, Rößgener Straße #19, Tel.: +49 (0) 3727 - 3853. E-mail: sigrid [kaminsky@online.de](mailto:sigrid_kaminsky@online.de) (es könnte auch t-online.de sein.

Hier die heutige Geschichte der Brandenburg - Preußen die die Landsmannschaft vertritt und die Prussen/Prusai für ihren Zweck benutzen will oder wollen.

Reinhard Grunenberg ist sehr wahrscheinlich auf deren Trick reingefallen, wir, die Eingeborenen aus dem Balten-Lande Prusa, das damalige Ost-Preußen jedoch "N I C H T ". Auch wenn PRUSA am 31. Januar 1773, durch Kabinettsorder zu einer "PROVINZ" Ostpreußen degradiert wurde!

Friedrich der Große nennt sich von nun an König "V O N " Preußen.

"PREUßEN IST TOT".

verkündete ein altpreußischer Freiherr auf einer Gedächtnisveranstaltung am 18. Januar 2001, also 300 Jahre, nachdem durch die Selbstkrönung Friedrichs I. in Königsberg/ Pr., unsere Prussen - Stadt "TUWANGSTE", in den Stand eines Königreiches erhoben worden war. Wir, die Eingeborene des Landes Prusa - Balten wurden nicht gefragt, jedoch eine so genannte Scheinregierung der Prussen - Eingeborenen unter dem so genannten "Altpreußischen Adels von Perbrandt des 13. Jahrhundert war anwesend, hatten aber dazu und an den Entscheidungen nichts zusagen und keinen Einfluss. Ich kannte Sigrid von Perbrandt, ein direkter Nachkomme der Altpreußen (Prussen) persönlich und habe heute noch Briefe von Ihr die uns Prussen bis zu ihren Ableben 1999 unterstützt hat und

diese Geschichte Brandenburg - Preussen bekämpfte! Sie hat mich gebeten für ein vereintes "PRUSA" (Baltische Allianz)" zu kämpfen, welches ich auch sehr ernst nehme, ich habe Frau Perbrandt mein versprechen gegeben und ich muß es einhalten, ich habe keine andere Wahl!!! So sieht es aus, wir haben Leute wie Jerry aus Australien ein Rechtsanwalt, ein Slav in Polen Masuren, ein Martin in Lettland, ein Jonas in Litauen und und und!!!

Das Brandenburg - Preußen in unserem Baltikum sind nur eine Erinnerung die viel Unheil für uns Prusai angerichtet haben, dass sich vor 300 Jahren in Tawangste (Königsberg) Kurfürst Friedrich III. von Brandenburg zum König Friedrich I. "IN" Preußen krönte, weckt heute in der Bundesrepublik und im Europäischen Ausland vielfältige Empfindungen und bietet Anlass für tief greifende Diskussionen sowie Analysen!

Vom glänzenden, auch durch Kriege erreichten Aufstieg zur europäischen Großmacht mit kultureller Ausstrahlung bis zum formellen Untergang Preußens durch den Alliierten Kontrollrat nach Hitler für das Deutsch - große - Reich vernichtenden Weltkrieg II. Am 25. Februar 1947 wurde durch das Gesetz Nr. 46 die Auflösung des Staates Preußen beschlossen! Heute, in der Landsmannschaft Ostpreußen, bietet die preußische Geschichte einen reichhaltigen Stoff für Kontroversen ohne überhaupt die Ureinwohner des Landes "Prus - Balten" in Erwägung zu ziehen.

Nicht zuletzt aus dem Blickwinkel unserer heutigen Zeit des "Vereinigten Europas" (EU), stellen sich vielfältige Fragen an die preußisch-deutsche Geschichte sowie die Helsinki Verträge - "Was passiert mit Ostpreußen, mit den Ureinwohnern", ihr, wollt doch nicht behaupten das diese alle ermordet wurden, oder?

Daher, führt die zeitliche Distanz zu neuen Bewertungen, zu einer Renaissance des Alt - Preußentums (Prusai - Preussen), nicht im Augenblick als Staat, aber erst als eine Orientierung für den Fortbestand einer Demokratie die es bis jetzt in Prusa (Ostpreußen) nicht gegeben hat!!!

Mit freundlichen Grüßen,
Manfred G. Kaireit (Kairáitis)

Dear Slav!

Thanks for the conference-call with you and Jerry, 23rd of August 2011.

I do agree with the step by step procedure which you and Jerry have proposed, but, it will be by "NO" means ease because we all have to overcome some "DEEP" political and

religious differences what we face today in our State "Prusa" which the Allies (45-52) and the Germans (12th hundred century) have left behind!

Today, we also face a very strong "LOBBY" which are able to spend money like mad which we prusai did never face before!!! This presents to us "Natives of Prusa" an additional big problem! You also have to realise that the Polish politicians and the population were always used as a decoy for many dispute in Europe. Let me tell you a little story:

At one time in the late 1980`s a man visit me by the name of "Szameitat" - Manfred, I was in Rom! Good for you, I did answer, how was the trip? Not so good, to much traffic, it was terrible, but, it was very interesting what I did find in Rome about the German Order! Tell me, I have an ear for you! So, he told me the following!

At the "Sakristei Basilika - Santa Maria Maggiore" I did see (saw) a "FRESCO" with an imprint in Latin, as I now recall it said the following:

"Milnes Tevionici ope Virginis Prussiaej Livonia Subaltis".
"Maria Avraum Condunt".

I had to laugh, and said, your Latin is as worse than mine!

Can you tell me, Mr. Szameitat, what it meant?

Yes, of course, it meant, like, something, I shall say:
"The subjugation of the Prusai and the Liven (Baltic) in the name of Maria:
"GOD WILL IT SO"

Slav!

If that is really the case, and if that is true, - then we all, the Polish, the Prusai, the Balts have to watch out!!!

With thanks and very best wishes from us Prusai, and good luck from us all!

I personally see no hope, but, if you and me will not try how could we know!!!

With regards,
Manfred G. Kaireit (Kairáitis)

Dear Slav, Dear Jerry (Prus - Australia)!

The accession process of the minority protection at the European Union gave me an "Assessment which I should sign in the year of 2002 which I have refused because at that time we were still in fight with the Bundesrepublik of Germany! I was also ask to sign some agreements with other organisations which I also did not sign! Because, I did see same reports from the countries: Bulgaria, Czech Republic, Estonia, Hungary, Latvia, Lithuania, Poland, Romania, Slovakia and Slovenia!

I did ask the Board, please give me same country names! Which they did.

France, Germany, Italy, Spain and the United Kingdom!!!
BUT NOT THE U.S.A. or The U.S.S.R or The RUSSIAN -
Federation!!!

The country of Poland, Lithuania and Russia - Oblast however got parts of the land East - Prussia (Prusa). Without the consent of the rest from the western Allies which were fighting in W.W.I and in W.W.II!

East-Prussia was through a cabinet - Order degraded to a province at 31st of January 1773, so, it was not a country Prusa any more, but a province for the Brandenburg Prussians. The Brandenburg Prussian were by Law Nr. 46 resolved under article I. Statement by the Allies:

The state of Preussen and his headquarters - government - control and all his belonging agency's are herewith resolved!

It certainly did not mentioning anything about the take over by countries like: Lithuania, the Federation republic of Russia - Oblast or Poland!

WHAT NOW???

We Prusai were never ask, have never sign anything, oppose the Helsinki accords, were on the 12th of December 1948 deported from our native land Prusa, have an organisation "Prußen - Arbeitsgemeinschaft Tolkemita e.V.". The Tolkemita - Foundation which did split away would now like to join the Landsmannschaft of East - Prussia! Which I do oppose very strongly because all the assets will go to the Landsmannschaft East-Prussia!!! I need help!!!

Regards,
Manfred G. Kaireit (Kairáitis)

Dear Slav!

You ask if one person will come to the meeting with you and Jerry?

"YES" a man by the name of "Gunnar Hallmann". You have to realise we the Prusai are very be scared! If you know our history you would understand!

We were not able to convince the Bundesrepublik of Germany to accept us natives as a "National minority" but the "Sinti and Roma" the Germans did accept as a minority, could you understand that? Nobody of us Prusai did understand that move by the BRD - Germany!!!

The European convention on human rights and protection of national minorities, the rights and obligations under Article 14 ECHR did not even consider our request or did investigate the extent to which the Prusai had suffert!

Since 1990 German authorities have consistently failed to make the decisive distinction between the natives of Prusa (East-Prussia) and the Landsmannschaft of East-Prussia which were settlers (Brandenburg Preussen) in our land Prusa!!!

Let me make here a statement which you and Jerry should try to understand before you start with a petition to a government!!!

Our complaint and my petitions do "N O T" aim at the wrong done to us "Natives Prusai" or by the Allies or by the Soviet occupation regime or that of the today BRD - Germany. Our complaint aims at the UN (United nation) in new York, the EU (European Union) in Europe, the international court in "THE HAGUE" (Netherland) and the Helsinki Convention, which are answerable for the fact that the wrong done to the natives, to the Prusai of Prusa, after the Second world war 1945 -1952. The deportation in the year 1948 of the 125 000 natives to Siberia from the Oblast, the "genocide" general committed in Prusa, and of course the Helsinki agreement which has been dealt with unfairly and inadequately since 1990 to us natives of East-Prussia - Prusa!!!

Any government is "NOT" a private person who has acquired property in good faith. For the Allies and the UN after 1945 to act as if this were the case grossly contradicts the constitutional responsibility of the government to safeguard our private property rights, our culture, our history!!!

I shall say and stand for:

All nations and peoples possess the right to self-determination, by virtue of that right they freely determine their political status and freely pursue their economic, social and cultural developments!!!

YOU AND JERRY SHALL HAVE MY ASSISTANCE:

I shall submit to you and Jerry as clear on paper in black and white and "NOT" a "jumble together" like the Landsmannschaft of East-Prussia is doing it for the last 60 years!!! They are "NOT" representing us Prusai natives!!!

Here is my aim!!

It shall be our Prusai - Natives aim, or our new organisations aim, by assisting other participating parties and also individuals to express their positions, needs, and grievances in legitimate forums and by providing a community of support, to advance the fulfilment of the aspirations of participating peoples by "EFFECTIVE NONVIOLENT MEANS"!!!

Regards,
Manfred G. Kaireit (Kairáitis)

Dear Jerry, Dear Slav!

In accordance with your request of Sept. 04. 2011, I have made a short survey about my correspondents with Jonas Trinkunas and found out that some E-letters have gone through and some have been rejected! You can try, maybe you have more luck!

I think his hands are bound!

The advisability of Jerry to establishing first a Society or foundation of Prusa is a very good idea!!!

We need Mr. Jonas Trinkunas and his groups because as I see it a "Baltic religion today" (The old Baltic culture) which Trinkunas he did established for many years is a very useful group for all the Balts including the dispersed Prusa, it would be important if we could get his recommendations.

His groups holds the Prusai together with culture (Songs and play), language (Maziulis and Palmaitis, but also Guether Kraft/Skalwynas Grammatika Prusiskas Billas.

I do have the complete language work of Kraft plus 53 fairytales written in the old Prussen language and the same translated in the German language!

When you have an opportunity give Mr. Trinkunas a call at: VILNIUS.

He does not comprehend the English language, but his wife Inija does.

Be very polite, tell him I told you to call him!

After you have made contact with him I should appreciate your comments.

Very truly yours,
Manfred G. Kaireit (Kairáitis)

Dear Jerry.

A little history about the Prusai people!

The Prusai history is one the most heartbreaking stories the world has ever known, why, GOD knows!

It goes back as far as 340 B.C.

Aristoteles writes about the Baltic amber to be found on the island of "ABALUS", we Prusai think it was Sambia.

320 B.C. Pytheas of Massilia writes in his "Aestuarium Oceani Mentonoman" about the Prusa - Prusai who gather amber in spring time on their shallow shores. Tacitus reports that the Prusai are being subdued by Gothic tribes.

You can now see how far back the history of the Prusai does did rich!

After that the Christian era did start.

54 A.C. The Roman Plinius, the elder, reports on the Prus (Hist.nat.L.37e2) calling the Prusai - Prus "Austrasiam as well as Glessarium due to their amber finds. Six years later a Roman knight (eques romanus) brings large amber material to Ceasar Nero in Rome.

...and so on, and so on!!!

Why I tell you this Jerry is that your name: "Prus - Putwilowicz goes that far back in history, that is unbelievable but I don't tell you here stories!!!

I do have the complete history of the Prus in my possession, Mr. Grunenberg in Berlin, Miss Marija Gimbutas, Mr. Trinkunas and others have even more details on the Prus history.

But what can you do when "MANIAC" are out to destroy our history and have distribute us Prusai since 1945 all over the world and tell us you are DEAD!!!

And now we have to put the peaces together, nice isn't it!!!

Regards,
Manfred G. Kaireit (Kairáitis)

PS:

Since the unification the German Bundesrepublic and the Landsmannschaft East-Prussia did nothing to adequately address and correct these crimes against us Prus and against humanity, in the contrary, the Bundesrepublic of Germany has been ridiculing its victims since 1990!!!

We Prusai say, this issue is a classic State-Citizen-Conflict, however, BRD-Government likes to portray it as a WEST-EAST-CITIZEN-CONFLICT. That is also an indication why we Prusai have so much problems with Trinkunas, he does not understand the dispersed Prus issue!!!

Manfred.

Dear Slav!

On Friday the 16th of September Gunnar Hallmann and Ortrun Barran will visit me and we shall discuss the situation Brandenburg - Prussia against Old-Prussian-Prusai-Natives of Prusa (East-Prussia - Landsmannschaft).

Brandenburg - Prussians are our competitor and will do everything to eliminate us Prusai - Prussen.

Lets listen to Jerry before we make stupid statements, lets wait for the meeting in Berlin - Potsdam, Gunnar and Ortrun will represent us Prussen, and lets wait for the outcome because they have no chance we Prussen are the Natives of the land and not the settler Brandenburg - Prussians!!!

It will be very interesting because Mr. Grunenberg has a patent on the name "PREUSSEN" but not on the name "PRUSA" that makes and is the difference!!!

Mr. Grunenberg will not any more answer our questions!!!

Regards,

Manfred G. Kaireit (Kairáitis)

Dear Slav!

I did try it more than three times, the e-mail was always returned! Why did you try it, it is important even so the first section is written in the German language because I do not like to translate it I might lose something in the translation than my german is not to good, all others will be written in the English language like for instance the "DECLARATION" which consist of five sections!

I am glad that all the others have received my e-mail without any problems!

Regards,

Manfred G. Kaireit (Kairáitis)

Dear Slav!

I did send to Jerry the two sections this morning and it was not returned, so maybe he has received it! This two sections are important because if we do not know what was going on at that time we all spinning our wheels. I do not agree myself

with some of it either, but it was happening and we have to live with it and make the best out of it!

Now:

When we start writing the "DECLARATION" which I already have part of it, we need more than one brain and we have to watch out that we make no mistake because all the others, Governments for instance, will watch us and ask -- "what are this guys up to".

So, I shall send you the part which I have written and then we will correct my thoughts and you add yours and Jerry's.

Regards.

Manfred G. Kaireit (Kairáitis)
